1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114.

Applicant's submission filed on 04/25/2005 has been entered.

Claims 1, 17, 19 and 25 are amended, claims 30 newly added in the amendment filed on 04/25/2005. claims 1-25 and 27-30 are pending in this application.

Claim Objections

2. Claims 1, 14, 17, 19 and 25 are objected to because of the following informalities: The word "that" recited in these claim is not proper. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 17 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claim recited "a step for allowing one or more client applications to effect how the received single high-level document command is to be

implemented, *if at all*, in the database” is vague. It is not clear if the high-level document is perform or not to perform in the database.
